Need Half Million **Dollar Bond Issue** Mayor Francis Says

"Whether or not the people of Ogden want a municipal electric light plant, which will mean the purchasing of light, heat and power current at much cheaper rates than at present, will be entirely in their hands dur-ing the latter part of February, when the 1921 bond election will be held," Mayor Frank Francis declared this morning.

COST ESTIMATED HALF MILLION.

A preliminary cost estimate for the municipal electric light plant, submitted to the board of city commissioners by Joseph Tracy, city engineer, places the cost of the proposed plant at approximately \$500,000 and this will

probably be the amount presented to the voters for the installation of the plant at the coming election.

"The city is ready, willing and anxious to act in the matter of providing Ogden with a municipal plant." Mayor Francis asserted, "but first it is necessary that the people express their willingness and cooperation with the board of commissioners and that they back the enterprise by voting funds for the work." funds for the work."
